PROFESSIONAL EXPERIENCE

OPERATIONS MANAGER

Family Solutions | Ashland, OR | Aug 2022 – Sep 2026

Senior leadership role with responsibility for IT, facilities, maintenance, safety, marketing, development, AP, analytics, operational reporting, vendors, systems, and cross-functional projects across a multi-site organization of approximately 50–60 employees.

- Led employees, contractors, vendors, budgets, systems, and projects while owning decisions within assigned functions and contributing to organization wide leadership decisions.
- Identified and closed operational gaps and risks across compliance, technology, safety, financial processes, policy governance, access management, and business continuity.
- Reduced recurring operating expenses by \$100K+ annually across three major vendor relationships.
- Built the organization's first performance management system, translating business needs into data standards, 100+ KPIs, Power BI reporting, and executive and board level decision support.
- Led business systems and technology operations spanning Microsoft 365, SharePoint, Intune, UKG Ready, infrastructure, access governance, technology vendors, and long term systems planning.
- Strengthened financial operations through budgeting tools, cash flow support, purchasing controls, expense analysis, AP process improvement, and automation of complex cost allocations.
- Held direct banking authority, including wire transfer and account management access.
- Strengthened organizational compliance and continuity through improved monitoring, controls, documentation, ownership, backup processes, policy governance, and safety systems.

HUMAN RESOURCES SPECIALIST

Friends of Children and Families | Orlando, Florida | Aug 2021 – Aug 2022

Owned HR operations for approximately 60–75 employees across six geographically dispersed 24/7 residential programs and an outpatient location, supporting leaders and employees across the full employment lifecycle.

- Managed recruiting, onboarding, offboarding, training compliance, workforce reporting, employee support, HR systems, policies, and employee relations.
- Identified onboarding and retention gaps and developed structured training milestones, 30/60/90 day check-ins, employee feedback, and early tenure support.
- Partnered with program leadership to address severe turnover at one residential location, where turnover declined from approximately 90% to 65% during tenure.

- Analyzed workforce, turnover, training, and compliance data and translated results into actionable leadership reporting presented at every board meeting.
- Managed Relias LMS training and compliance processes and supported Paychex HRIS implementation, adoption, troubleshooting, process development, and user training.

BUSINESS OFFICE MANAGER

National Builders & Acceptance Corporation | Pittsburgh, PA | Jan 2017 – Apr 2021

Senior business operations role with broad responsibility for finance, HR, property operations, maintenance, technology, projects, marketing, leasing, vendors, compliance, and business development across a 100+ unit portfolio. Managed office staff and a maintenance workforce of approximately 10–25 employees.

- Took ownership of significant operational and control gaps following an ownership transition, establishing the structure, records, processes, and controls needed to run the business effectively.
- Managed budgeting, forecasting, cash flow, AP/AR, purchasing, QuickBooks, project budgets, banking, financial reporting, contracts, and business controls.
- Held direct banking authority with autonomy over day to day financial and operational decisions.
- Led property operations, leasing, marketing, vendor management, and business development initiatives that contributed to approximately 3x growth in company income/value over four years.
- Evaluated business and user requirements, selected and implemented Buildium, and standardized property, tenant, payment, and operational workflows.
- Led recruiting, hiring, onboarding, employee relations, performance management, safety, policies, training, and workforce administration.
- Maintained strong workforce stability with only two employee departures during four years.
- Helped navigate COVID disruption through cash flow planning, PPP support, and a traveling healthcare worker strategy that created another market for vacant properties.

WORKERS COMPENSATION MEDICAL CARE CASE MANAGER

WorkWell | Carnegie, PA | Sep 2013 – Dec 2016

Managed complex workers compensation cases requiring coordination among injured workers, healthcare providers, employers, insurance carriers, and other stakeholders. Shortly after hire, selected as the dedicated case management contact for Synergy Insurance, WorkWell's largest client and largest source of organizational revenue.

- Managed 100+ cases, identifying barriers and coordinating multiple stakeholders to move complex claims toward resolution.
- Owned the day to day case management relationship for Synergy and participated in monthly client meetings alongside WorkWell's CEO.
- Analyzed injury and claim patterns across insured businesses, identifying higher risk employers and opportunities for prevention, education, and support.
- Managed high case volume, competing priorities, deadlines, documentation, and sensitive stakeholder issues while maintaining regulatory requirements.
- Troubleshot recurring Oracle/PeopleSoft database problems, resolving routine issues independently and escalating complex technical problems.

OPERATIONS MANAGER

PC Geeks | Enid, OK | Oct 2006 – Aug 2013

Joined during the company's early startup stage and assumed increasing responsibility as the business grew to approximately 42 employees. Ultimately ran day to day operations with little owner involvement, leading functional managers across IT Support, Software Development, Database Administration, Sales, and Marketing.

- Helped build the operational infrastructure that supported growth from an owner led startup into a diversified technology company with multiple service lines and eventual acquisition.
- Led functional managers and office staff, coordinated priorities and resources across departments, developed supervisors, and resolved cross-functional operational issues.

- Owned broad financial responsibilities including budgeting, forecasting, P&L and cash-flow review, purchasing, QuickBooks, payroll oversight, vendor negotiations, and financial controls.
- Held direct banking authority as part of broad responsibility for company financial operations.
- Built and managed HR infrastructure including recruiting, hiring, onboarding, policies, performance management, training, compensation practices, and compliance.
- Maintained annual employee turnover below 10% while helping scale the organization to approximately 42 employees.
- Translated business and customer needs into system requirements, identified data and workflow gaps, tested solutions, and improved custom internal databases and applications.

CASE MANAGER

CASA | Enid, OK | May 2001 – Oct 2006

Managed a substantial child-advocacy caseload while overseeing volunteer advocates and coordinating with courts, social services, attorneys, families, and community partners.

- Managed 60+ child advocacy cases, conducting investigations, assessing complex information, and preparing written recommendations and reports for the court.
- Recruited, trained, and supervised approximately 15–25 volunteer advocates, providing ongoing guidance and case support.
- Coordinated across judges, attorneys, social workers, families, schools, and service providers to resolve issues and keep complex cases moving forward.

PROGRAM ASSISTANT

Main Street Enid | Enid, OK | Jun 1998 – May 2001

Joined a two person downtown development organization and quickly assumed responsibility across operations, technology, events, marketing, and revenue-generating programs.

- Managed operations for the Cherokee Strip Conference Center, including scheduling, contracts, customer needs, facility coordination, and reporting.
- Built and maintained the organization's website, expanding its ability to market programs, events, and downtown businesses online.
- Assisted in the coordination of major community events, including Oktoberfest and Enid Lights Up the Plains.
- Presented Conference Center and operational reporting to the Board of Directors and represented organizational initiatives in presentations to the Enid City Council.

TECHNOLOGY & ANALYTICS

Power BI | Advanced Excel | Power Query | VBA/Macros | Power Automate | Microsoft 365 Administration | SharePoint | Intune | Microsoft Teams | Microsoft Copilot | UKG Ready | Relias LMS | ADP Workforce Now | Paychex | QuickBooks Desktop/Online | Buildium | CareLogic | Oracle | PeopleSoft | SQL | Genuity | UniFi/Ubiquiti | Google Workspace

EDUCATION

Master of Arts, Behavioral Science | Northwestern Oklahoma State University | Alva, OK | 1999 to 2001

Bachelor of Arts, Psychology and Business | Oklahoma State University | Stillwater, OK | 1994 to 1999
